SUBJECT: Determination Regarding Attendance by NASA Employees at the Association of Science Technology Centers (ASTC) and Fort Worth Museum of Science and History Reception on October 30, 2009

On October 30, 2009, the Association of Science Technology Centers (ASTC) and Fort Worth Museum of Science and History, both non-profit organizations under 26 USC § 501(c)(3), will host a reception at the Fort Worth Museum of Science and History, in Fort Worth, TX, from 7:00p.m.-9:00p.m. This event is an annual part of the Association of Science-Technology Centers' (ASTC) annual conference.

Approximately 150 individuals have been invited to attend the reception. Attendees will include NASA and other government personnel, and also aerospace leaders from the military, industry, academia, and other non-profit organizations. The estimated cost of the reception, which includes all food and beverages is \$47.50 per person.

I further determine that there is an Agency interest in having NASA personnel attend the event because it will further Agency programs or operations. Attendance at the event will allow NASA employees the opportunity to interact with museum leaders and government, nonprofit, corporate and media partners. NASA employees in non-career positions who are required to sign the ethics pledge under Executive Order 13490, may also accept an invitation for free attendance to the event. However, NASA employees whose duties may substantially affect the event sponsors, such as by way of procurement duties, should seek an individual determination pursuant to 5 C.F.R. § 2635.204(g)(3)(i) regarding participation in this event from their local ethics counselor.
